**FIGHTING NEGRO IS GIVEN A STIFF FINE**

From a glance of the characters that came up before Judge Wilcox in the Police Court this forenoon, it would seem as if the town is becoming more and more filled with a class of population that is far from desirable. Among the people on the calendar were two colored men, Lee Redman and Brady Clemmons, the latter of whom was charged with assault and battery on the former. They hail from a shack in Magoonville, the vicinity where there has been so much trouble of late. Clemmons has a room and Redman sleeps on the veranda because he hasn't the money to pay for a room.

The trouble between the two took place on Tuesday and, according to the testimony of the defendant, he and Redman had been drinking from 11 o'clock in the morning to 7 o'clock at night. The defendant stated that Redman went into his room and began to call him names. He did not mind this very much but when he began to commit a nuisance in his room, then he did object.

He stated further that Redman pulled out a knife and went at him. In order to protect himself, he threw up his arm but was not quick enough, receiving a cut in the ear. The names continued and then two or three knock-out blows were given. When asked by the prosecution how Redman came by a bitten ear, a hole in the side of his head, an injured jaw, a black eye and numerous bruises, he stated that he did not know.

The defendant was fined \$25 and costs, Judge Wilcox remarking that he meant to put a stop to these frequent cases of assault and battery. He was becoming very tired of a steady diet of cases of the kind and desired a change.

**Sugar Company Will Increase Its Capital**

The Kona Sugar Company has planned extensive improvements which will require an increase in the capital stock. A special meeting of the stockholders will be held August 30, to consider this proposition. The new stock to be issued will amount to \$250,000, three-fifths of which is to be common and two-fifths preferred. In addition to new stock, a bond issue of \$300,000 is contemplated for the purpose of lifting outstanding bonds. The improvements planned are a railroad and wire systems.

**GRIMINAL CALENDAR COMING**

Judge Gear announced that the criminal calendar would be called next Monday morning. While it is the desire of the Court to expedite civil business, the prior right of prisoners to a speedy trial will be recognized and all who demand immediate trial will have it. If any defendants consent to a postponement, their cases will be put over to the next term.

G. F. Repton, one of the trial jurors presented his commission as a United States postmaster to Judge Gear this morning and was excused for the term.

**CAPTAIN SAUNDER'S WAY.**

San Francisco, July 27.—The crew of the bark St. Katherine have had to pay for the services of a tug and the labor of a lot of Kanakas at Hilo, much against their will. On the trip to the islands a few weeks ago, the St. Katherine lost a sailor overboard, and when ready to leave Hilo for this port the crew objected to sailing on the ground that the bark was a man short. Captain Saunders, after a brief and fruitless argument, secured the services of ten lusty Kanakas and tug, and the St. Katherine was towed to sea, the Kanakas having the sails bent and everything ready for letting go by the time the offing was reached. When the Hawaiians were bundled off two tug, Captain Saunders ordered his men to lay to. They had no other alternative, and the St. Katherine was brought to port in good shape. Upon paying off the crew the captain compelled the men to reimburse him for the money paid for the tug and the Kanakas, since the St. Katherine's own men had refused to perform the work.

**Alameda Will Be Fast.**

With her new engines and boilers, it is estimated that the steamer Alameda will be capable of making sixteen knots an hour. At this rate the trip from San Francisco to this port can be made in five days and a half. The vessel will sail from San Francisco for this port on September 1st.

**Feeding Many Prisoners.**

New York, August 1.—The military situation is slowly but surely improving for British clearance operations, says the London correspondent of the Tribune. Various columns are emptying one district after another, and the floor hands are now decimated by the slaughter and capture of stragglers. It is estimated that the British are feeding 33,000 prisoners and nearly 30,000 refugees.
